HOW TO USE YOUR STENCILS

Pick the stencil that matches the one shown in your code. The faint cross will help you to line up the stencil on the page.

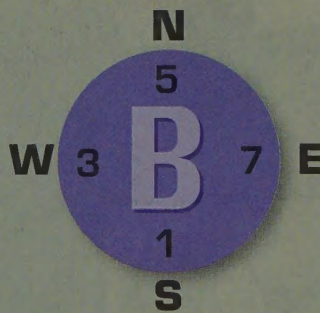

Faint crosses for positioning your stencil.

Line up the numbers indicated with the North, East, South and West points of the compass.

EXAMPLE 1:

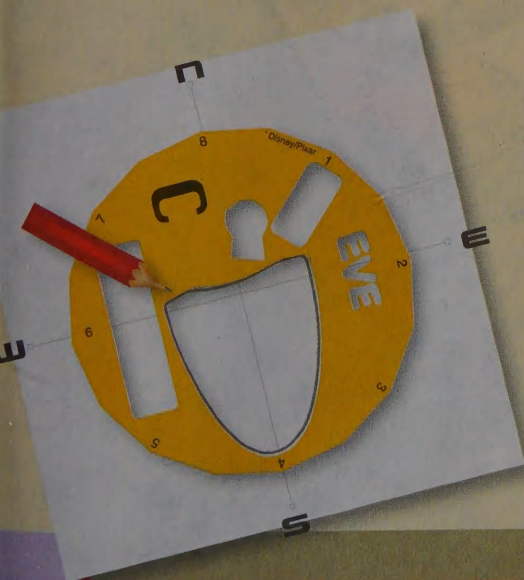

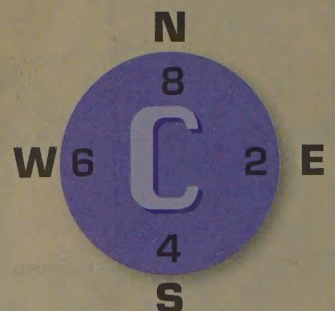

Place your stencil over the scene, lining up the number 5 on the stencil with North on the page. The 7 lines up with the East, the 1 lines up with the South and the 3 lines up with the West.

EXAMPLE 2:

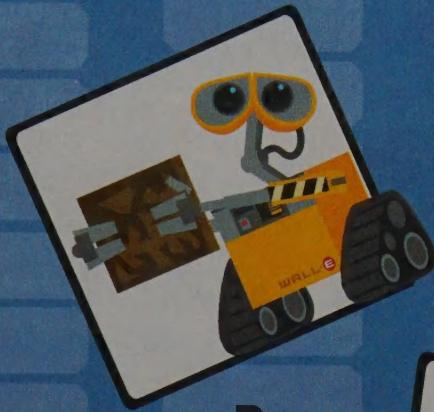

Place your stencil over the scene, lining up the number 4 with South, the 8 with North, the 2 with East and the 6 with West.

Once you've completed your drawing, use your felt-tips or pencil crayons to colour in the character!

WALL•E has just set eyes on the most beautiful robot he has ever seen! She's a super-sleek model - and amazingly clean! Grab your stencils and use the code to draw EVE in the centre of the picture.

STENCIL CODE

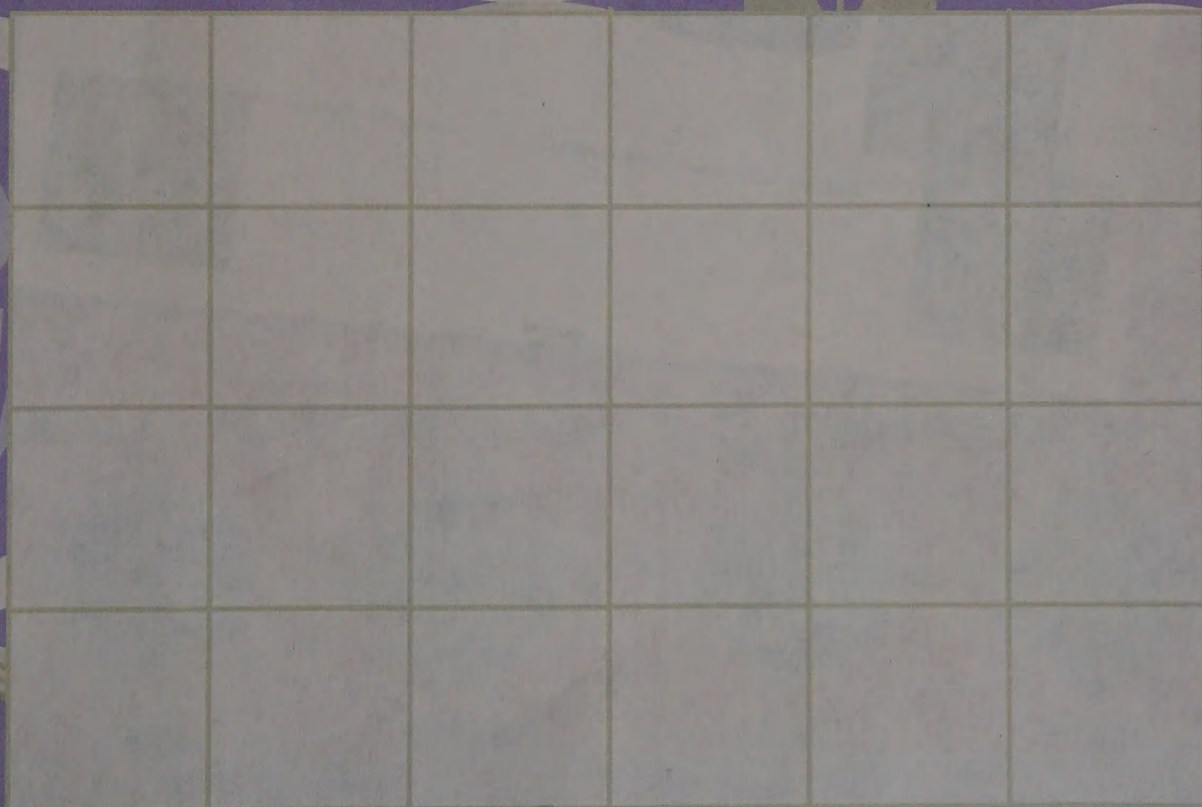

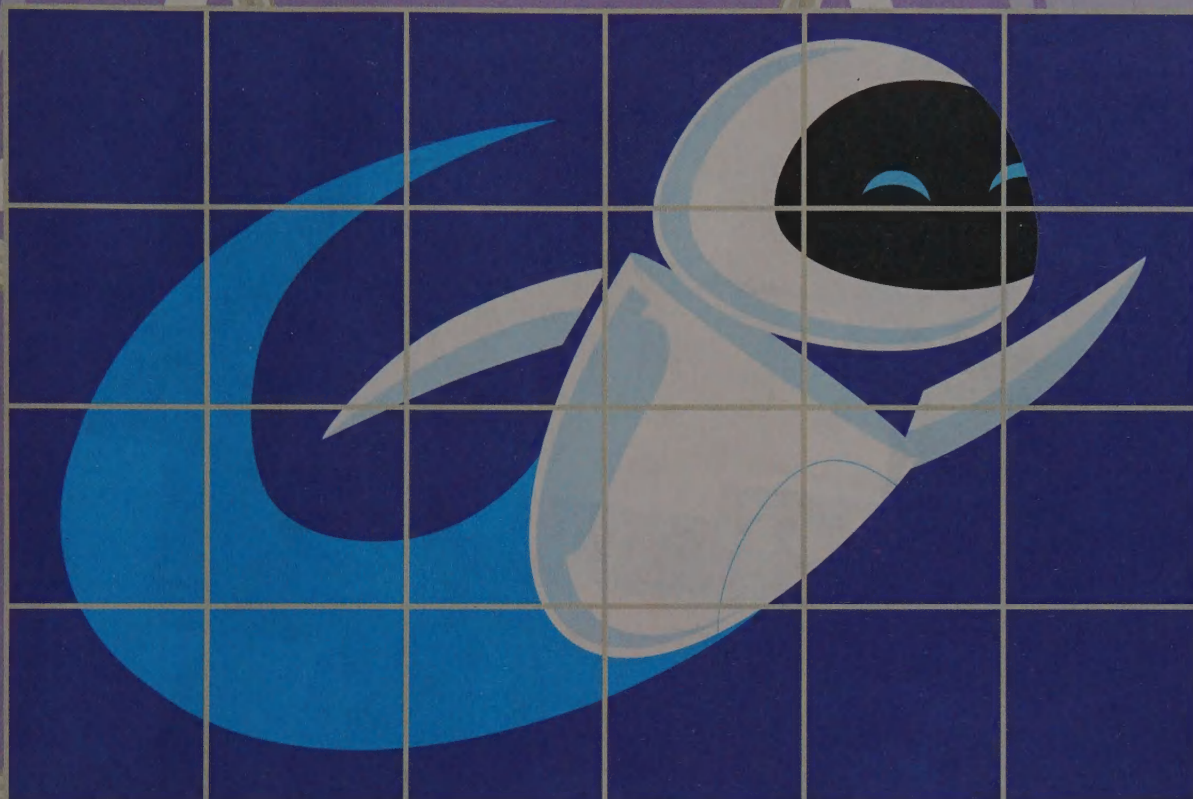

LOST AND FOUND

Circle eight objects hidden in this picture:
lightbulb, video cassette, toaster, globe, tennis racket, top hat, trophy, and scissors.

PRETTY PROBE-BOT

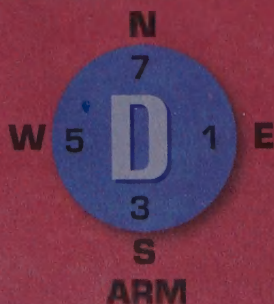

Draw a picture of EVE, using the grid as a guide.

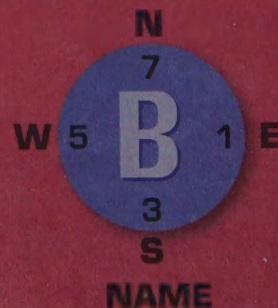

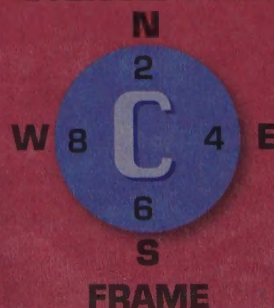

Earth is a rubbish heap and there's just one little robot left to clear it all up. Grab your stencils to complete the picture of WALL•E cubing rubbish, then fill in the details with your colouring pencils. Label the picture using your stencils to make WALL•E's name plaque!

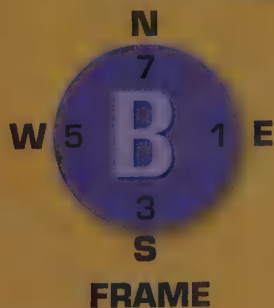

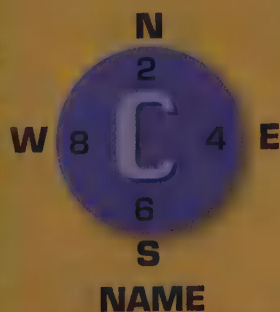

STENCIL CODE: WALL•E

STENCIL CODE: NAME PLAQUE

EVE has been sent to search for signs of life on the deserted planet. Use your artistic talents to copy this picture of EVE putting the plant inside her cavity, then use your stencils to add her name plaque to your picture.

DANCING DIFFERENCES

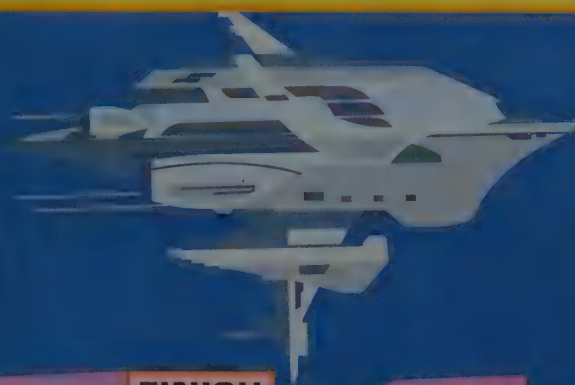

Look for 5 things that are different in the bottom picture.

ANSWER: Lightbulb is on its side, film reel has been removed, squares on card have been removed, one coloured light has been removed, small bottle is gone.

MAZE-CRAZE

Help WALL•E find the right path to the spaceship.

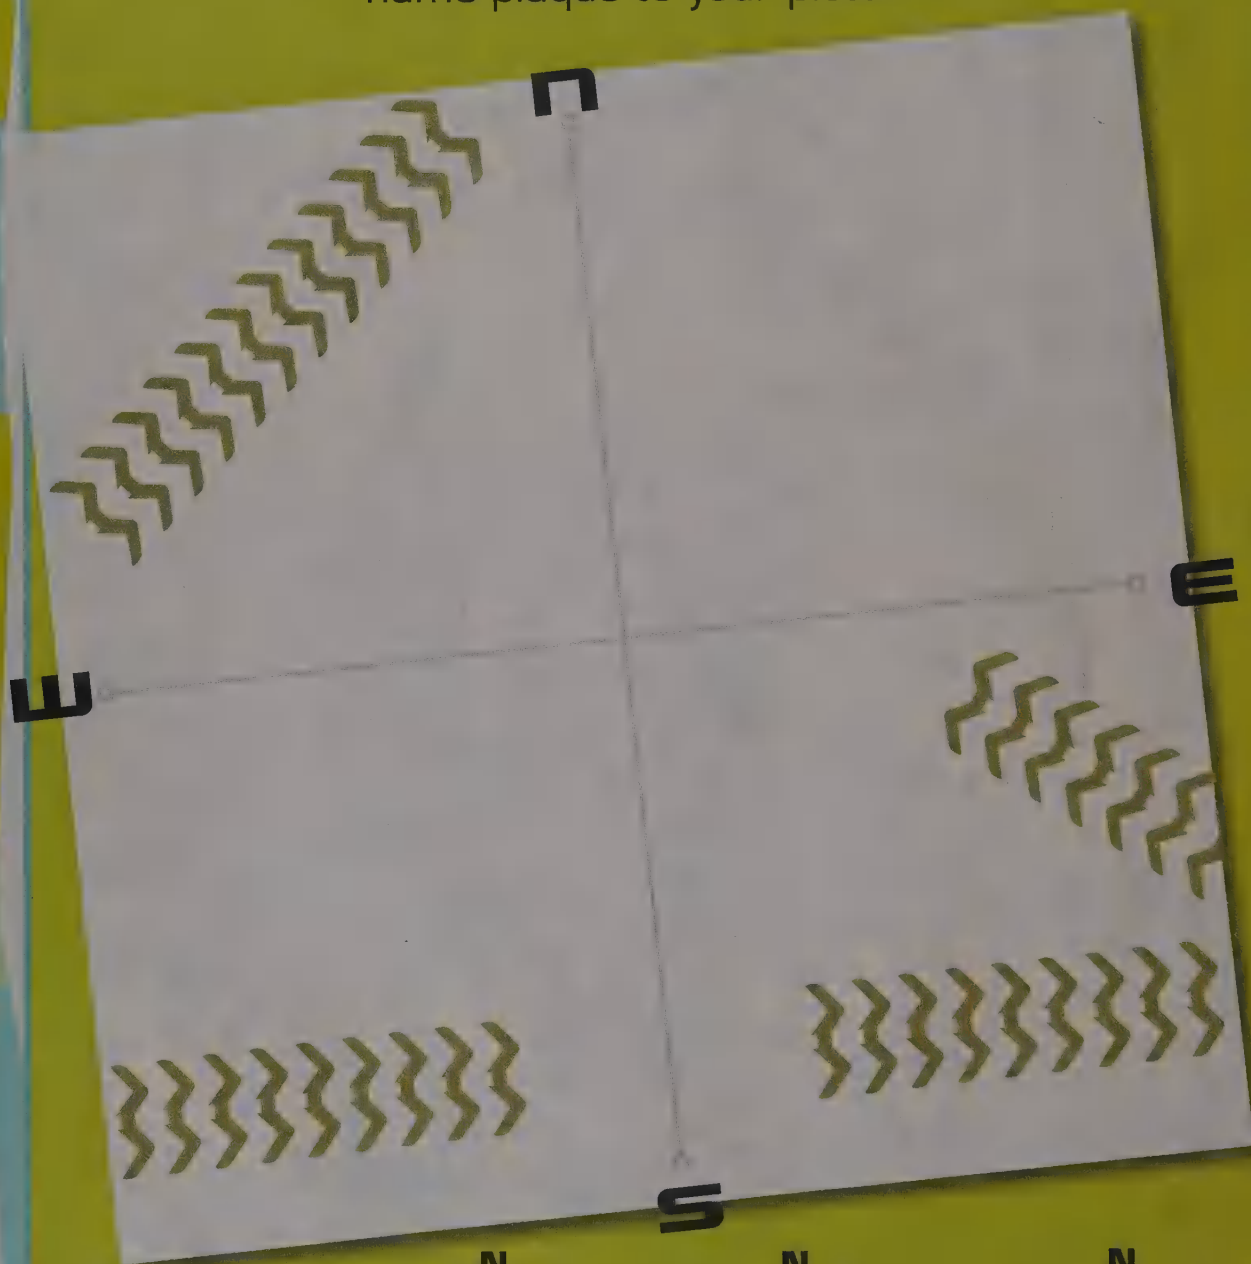

FINISH

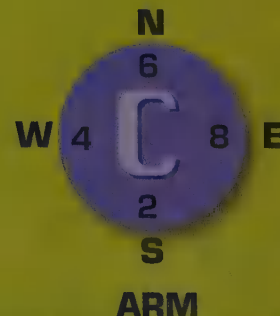

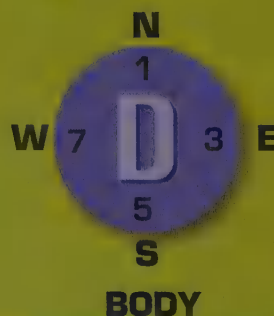

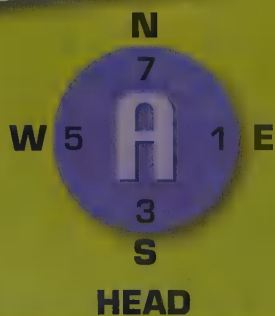

START

WALL•E has left a trail of dirty tracks and M-O is going to have to clean them all up! Complete the picture of M-O using your stencils, then colour him in to show his cleaning brushes whizzing round. You can use your stencils to add his name plaque to your picture!

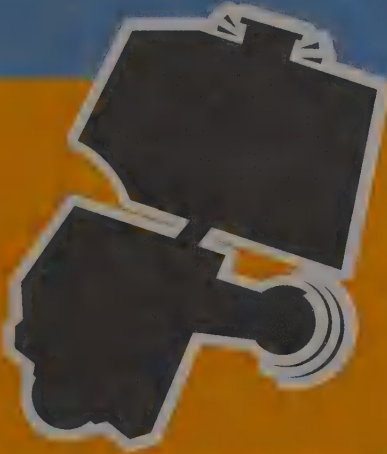

**STENCIL
CODE**

How well do you know WALL•E
and his robot friends?

Read the descriptions below and use your stencils to write
the name of the correct WALL•E character in each box.

A

This bot likes to keep things
clean and works on board the
Axiom spaceship.

B

This bot works alone and likes
to collect human artefacts.

C

This bot is a probe droid, dedicated
to seeking out signs of life on Earth.

ALPHA-CUBED

Where does WALL•E live? To find out, figure out which letter is missing from the alphabet on each trash cube. Then write the missing letters on the lines below.

MORE AND MORE M-O
Circle three pictures of M-O
that are different from the others.

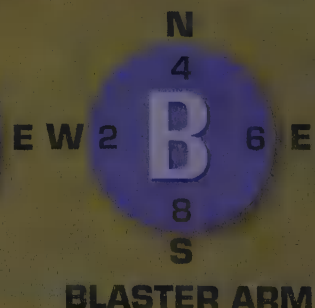

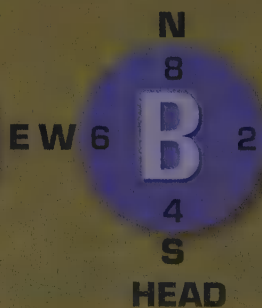

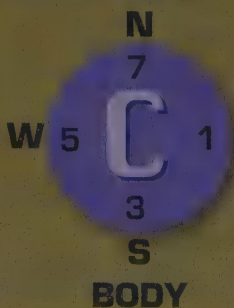

ANSWER: 2, 4, 7

EVE has just arrived on Earth and shoots at WALL•E with her blaster arm! WALL•E hides behind a TRASH CUBE, out of harm's way and completely smitten with this beautiful, sleek probe bot. Grab your stencils and complete the scene below. Then colour it in, adding the bright sparks blasting from EVE's gun!

**STENCIL
CODE**

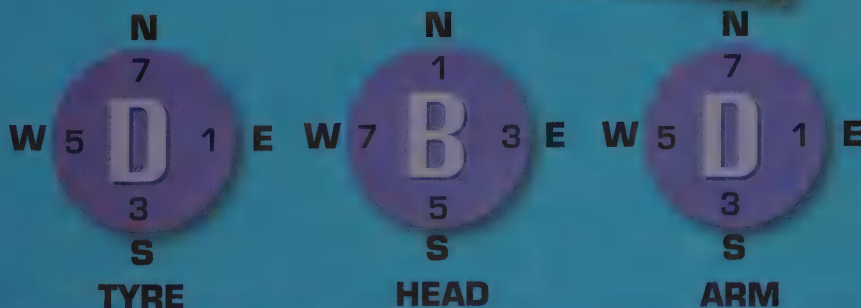

On the run from the steward bots, WALL•E and EVE are accidentally blasted out into space, where they float around the *Axiom*, trying to find each other.

Grab your stencils and complete the scene below!

MEMORY QUEST

Study this picture carefully for 30 seconds.
Then cover it with a piece of paper and answer the questions
to see how much you can remember.

1. How many robots are in the corridor?
2. How many posters are on the wall?
3. What colour are the armrests on each chair?
4. What word is on the poster to the far right?
5. How many passengers are walking?

CRISSCROSS CONNECTION

FINISH

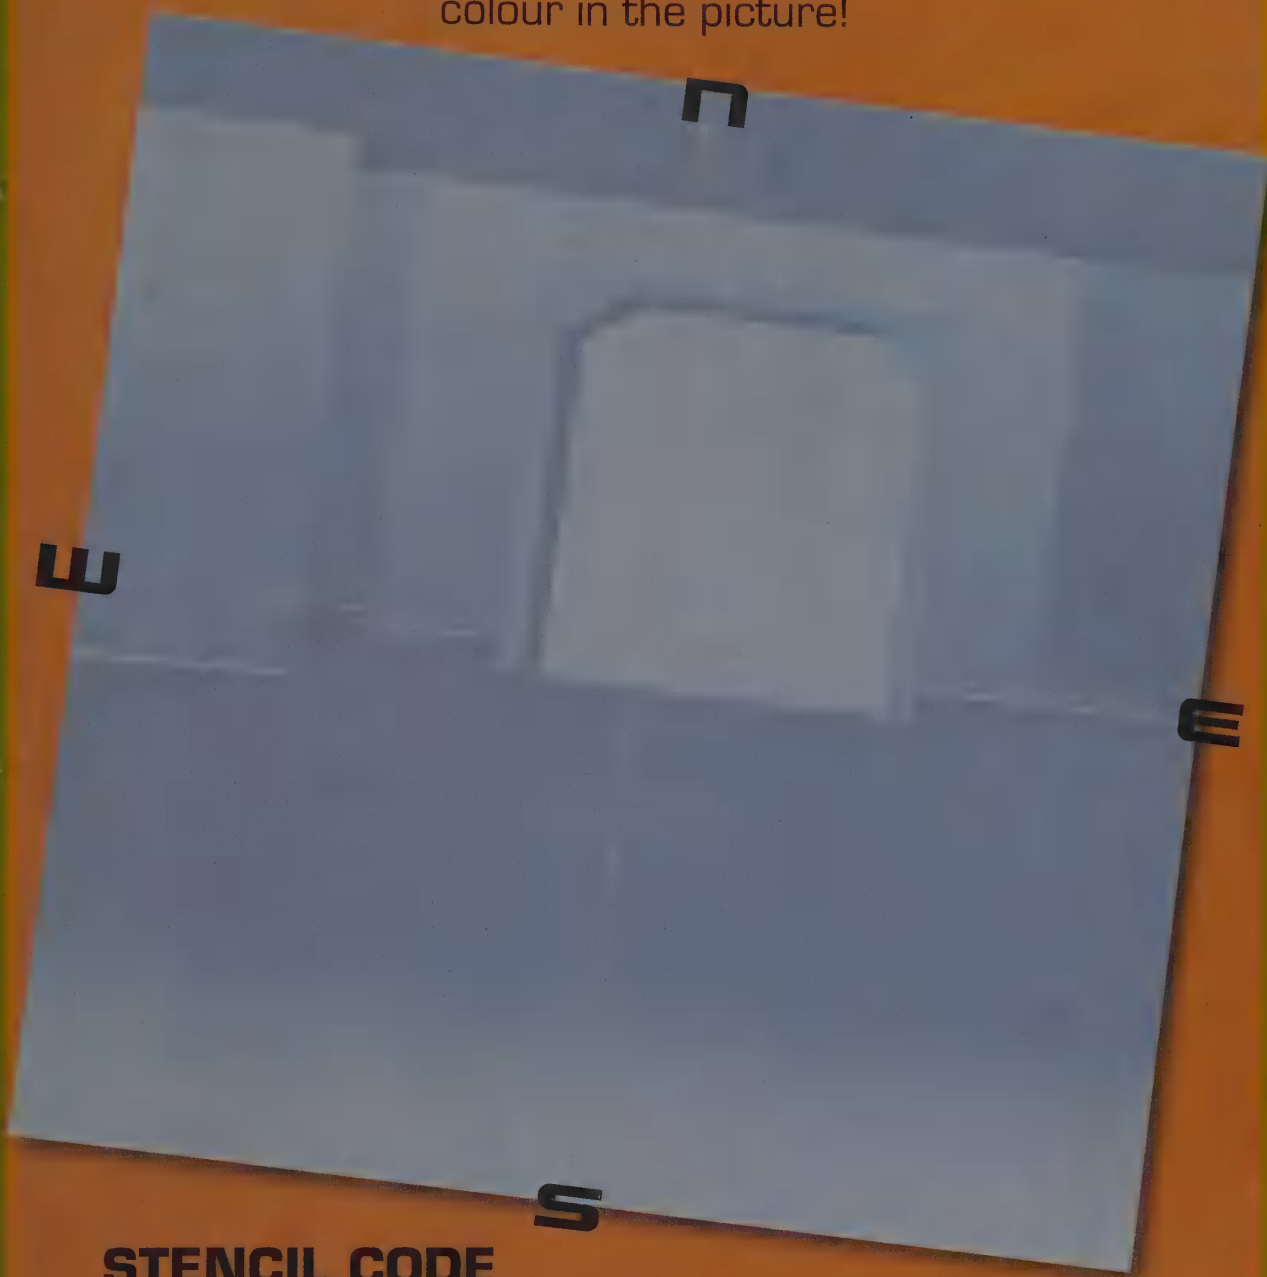

M-O can only find WALL•E by following his tyre marks (cleaning them up as he goes!). Find the path that WALL•E has taken through the *Axiom* spaceship and mark your answer by drawing in WALL•E's tyre marks, which you'll find on stencil A.

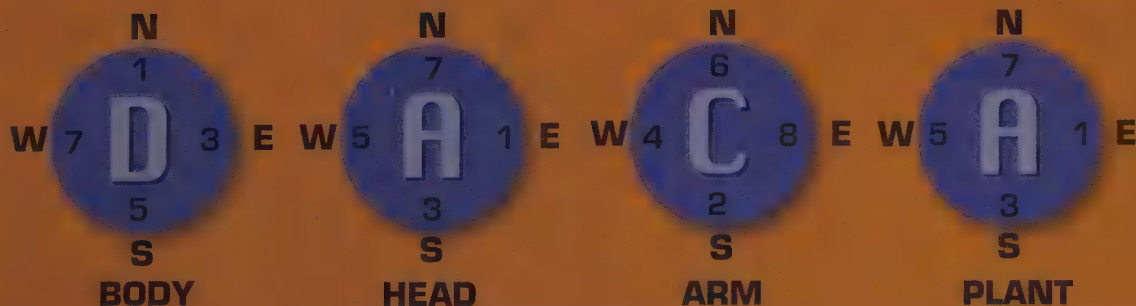

Answer: A

M-O has found something very precious while he's been cleaning up the *Axiom* spaceship. Use your stencils to find out what it is M-O is holding, then grab some crayons and colour in the picture!
